Step 1: Fold Fashion paper, start with black & white pattern facing up, fold the collage printed side up from the bottom, (make sure the collage pattern is the right direction). Fold up, leaving a 1/2" strip of the black & white pattern showing along the top.

Step 2: Score at 4" and 8" increments. Sew along each score line and along the 2 outer edges.

Step 3: You now have 3 pockets/sections. Create a unique opening for each section; fold one down at an angle, pocket knot one and create an angled torn top for the third.

Step 4: Assemble embellishments. Create a layered flower. Thread 3 chipboard buttons. Tie a ribbon and a key thru chipboard tag element. Place "Mother" title on framed circle chipboard.

Step 5: Adhere assembled embellishments into place.

Step 6: Cut Beautiful paper- cut a border strip, 3 lady cards and 1 couture ticket. Cut the border piece into 3 pieces, adhere along the bottom edge.

Step 7: Place 1 lady card in each pocket. You can also add gift cards, photos, keepsakes or memorabilia.
