5) Bend *Metal Flower Staples* with pliers, curling edges toward center. Layer small flower onto larger flower, insert *Metal Button Staples* into center, bend onto back to close.

6) Arrange *Metal Tag Staples* onto felt piece, glue into place with strong hold craft adhesive. Glue flower piece into center. Set aside to dry.

7) While bib piece is drying, remove two pieces that are 5 links long from Vintage Groove chain, then remove two pieces that are 16 links long from Vintage Groove chain.

8) Put Vintage Groove jump rings into holes in the hinges, before closing insert end of short chain piece into one side and long into the other, then close.

9) Open small jump ring and attach to end of long chain piece, attach clasp and close jump ring. On the other side open jump ring and attach to end of long chain piece for clasp and close.

10) When bib piece is dry, carefully trim away excess felt and trim felt from inside key hole area as well. Insert large jump rings into ends of tags through the key holes and close.

11) Insert ends of chains into holes in the box, lay bib part across the bottom for presentation.

12) Remove tags from *Le Romantique tag sheet*, and tie black twine through holes.

13) Tie sheer ribbon into bow, looping twine of the tags through at the same time. Adhere to to box with strong hold craft dot adhesives.
