- 2. From a sheet of *November Cut-Apart* paper, carefully trim the post card, postage stamp, "Harvest Time" tag, "Give thanks" sentiment, November border, and wheat border images. (Use postage-edge decorative scissors to trim out the postage image, if desired.)

- 4. Remove the fall children tag from the *Chipboard Tags 2* sheet.

## Place In Time - November Card "Be Thankful"

Attach both pieces of the brown floral paper to the card front, making sure to leave a  $\frac{1}{16}$ " border along the edges. Make sure the paper splice is closer to the top of the card.

6. Attach the wheat border strip to the top of the card as shown, making sure to cover the area where the brown floral paper is spliced together.

7. Trim the post card image and attach it to the center of the card.

8. Attach the chipboard tag to the post card as shown. Tie a length of jute twine into a loopy bow and attach the twine to the left side of the tag.

9. Using sharp scissors or a craft knife, trim the pumpkins image from the "Harvest Time" tag.

10. Attach the pumpkins image to the right side of the post card image using foam dimensional adhesive, overlapping the chipboard image.

11. Trim the postage stamp image and attach it to the upper right corner of the post card image.

12. Tie a length of jute twine through the holes of a wooden button and attach the button over the loopy bow on the left side of the chipboard tag.

13. Create a "paper clip" from an *Ornate Metal Label Holder*. Use your fingers and a craft hammer to gently bend the label holder handle and brad openings to the back and flatten them. Make sure that you do not crimp the label too tightly as you

need to slip paper between the layers.

14. Place the label holder

over the top left corner of the post card and secure with adhesive. Slip the "be thankful" sentiment under the edge of the label holder and secure with adhesive.

15. Cut cream cardstock to  $4 \frac{1}{8}$ " x  $5 \frac{3}{8}$ " and attach to the inside of the card. Trim the "November" border strip to  $5 \frac{1}{2}$ " and attach it to the bottom of the card.

16. Trim the "Give thanks" sentiment block and attach it to the upper middle of the card.
